

Dear Cub Parents,

February's theme was "Around the World"! We journeyed together in learning about the different countries and their cultures. We learned to identify the several flags, famous landmarks and food of some countries. We learned how to say hello in other languages alongside learning to count 1-10 in Japanese and Spanish. We were also able to identify the locations of some countries on the map. In addition, we really enjoyed the world travel role playing activity. We took turns in boarding the plane and pretended to be a pilot and a passenger. Our passports were filled with stamps of countries that we visited. It was so fun! Someday all our dreams will come true! We will travel and visit the places that we learned in our class.

On our theme party day, we all looked wonderful in our costumes that represent the different countries. We had fun games, singing, dancing and of course our yummy cooking class! We made a banana split!

It's a small world after all!

Kind regards,

The Cub Team
