

Dear Dolphin Parents,

Our first month in Dolphins was awesome. We met our new teachers, made new friends and personalized our classrooms. Our first theme was "Shapes and Patterns", and in math we learned all about 2D and 3D shapes. We made two "Dots & Stripes" art projects: one with oil crayons and water colors, the other with dot stickers and origami. To top it off, we had our "At the Circus" theme party. We all came dressed like clowns with colorful shapes and patterns, ate clown kebabs with yummy fruits, made a birthday beanstalk, had a circus parade around kindergarten, enjoyed a magic show and a glow stick dance party. Wow! Now we shall enjoy Golden Week, and look forward to seeing our teachers and friends back at school in May.

Kind Regards,

Dolphins
