

Dear Dolphin Parents,

It still felt like Summer, but now it is official, Autumn has finally arrived! Our theme this month was "All About Me". Every week we made a new page for our "All About Me" project. Now all pages are assembled, so you can look forward to receiving a completely original book about your child. We really enjoyed learning many things about our friends and making every single page of that very unique book. We had them proudly displayed in our classroom just in time for Term 2 PTM. In science, we covered the "Sounds" unit. Did you know that by pressing your ears to the ground, you can hear horses coming from a long distance away? We ended this fabulous month with our "Happy Halloween" party. It was an amazing day jam-packed with super exciting activities! We all came to school dressed up, played games & went trick-or-treating in the Kiba neighborhood. Then we made "Bat-snack" for cooking class. It was wonderfully-scary fun! The grand finale of this month was of course the return of our favorite whole school event. That is right, the Autumn fair is back and we all enjoyed it together. Now we are all looking forward to our next field trip to Minato Science Museum! Happy Birthday to Dusky Dolphin Emika and to Ms. Poovi!

Kind Regards,  
The Dolphins
